Resolved as follows:—

1. That the budget estimates of the several Municipalities in the Tumkur District for 1897-98 be sanctioned, the total receipts amounting to Rs 64,546, the total expenditure to Rs 45,788 and the closing balance to Rs 19,758.

2. That sanction be accorded to the Budget Estimates of the Municipalities in the Hassan District for 1897-98 pro-

a total income of Rs 82,938, a total expenditure of Rs 60,736 and a closing balance of Rs 22,202.

3. That the Mohatma Loom-tax be abolished throughout the State and that where particular Municipalities deem it necessary to levy Town or Octroi Duty on cloth, a uniform rate be adopted without regard to the place of production.

4. That the Budget Estimates of the Bangalore City Municipality for 1897-98 be passed, the total income including the opening balance being Rs 1,13,39, the total expenditure Rs 1,55,558 and the closing balance Rupees 4,811 and that in conveying sanction to the levy of Scavengering Cess, stress be laid upon the importance of prescribing and executing

adequate arrangements to prevent the removal and disposal of night soil becoming a nuisance to the neighbourhood or to persons using the public road. The Board should provide the Conservancy Establishment with a supply of air tight Vehicles capable of being easily and thoroughly cleaned every time they may be used; routes should be prescribed for removal of the night soil from particular parts of the Town and the hours when these particular routes are to be used for this purpose should also be laid down; roads of importance should always be avoided; proper arrangements should exist for prompt and efficient disposal of Contents of Carts, on arrival at appointed places of destination of which there should be several, all at due distance from inhabited parts of the City. And the Board should be asked to report at an early

date upon the detailed arrangements proposed to be carried out by them for giving effect to the foregoing instructions.

5. That the following Apprentice Geologists be promoted as Assistant Geologists 3rd class with effect from the dates on which they completed two years of apprenticeship as noted against them, their names being arranged alphabetically, in all published official lists with the remark that "their relative rank is reserved for the future decision of the Government."—

Sir.

In submitting for approval of Government the enclosed copy of resolution of the Board passed at an ordinary meeting held on the 26th ultimo, I have the honour to state that under section 109 of the Municipal Regulations it is proposed to levy a scavengering Cess on all houses paying a house tax of and above 12 annas per

annum at the following rates from the 1st of July 1894. —

On houses paying an assessment of from 12 ~~Rs~~ As ? annas to 1 Rupee per annum —"— 1 —"

Do 30 ~~Rs~~ to 75 ~~Rs~~ 1 — 8 —"

All above ~~Rs~~ 75/ 2 — —"—"

2.- There are at present 11,125 houses. of which 1614 are assessed below 12 annas and will therefore be exempted and the proposed Cess on the remaining houses is estimated to realise a revenue of ~~Rs~~ 1594/15 per mensem or ~~Rs~~ 19,145/4 per annum when all houses are brought under the system of daily Conservancy.

3 - Just now 1028 houses are Conserved daily and 22 Scavengers are employed by the Municipality to do the work

which is not now charged for, while the number of house owners who apply for daily Conservancy is every day increasing. On the other hand many gentlemen engage the services of Municipal Scavengers paying them from one to six Rupees per month and the Municipality gets nothing for work done by its servants for private individuals.

4.— As the sanitation of the City is now being improved and night-soil pits are being closed and the system of daily Conservancy is introduced on and is rapidly extending and as provision must be made for such extra staff and there being no means of covering the enhanced prospective expenditure, while it is only just and fair that Citizens should pay for private work G. of Government Order, I placed myself
in communication with the Senior
Surgeon and Sanitary Commissioner
and requested him to favor the
Board with his suggestions as to
the detailed arrangements to be
carried out for the purposes of

daily Conservancy and removal and disposal of night-soil. After several reminders that Officer wrote to me from Camp that he would arrange to meet me and discuss over the matter personally on his return to Head Quarters This he has not done and I think some time may elapse before he can attend to this as he is just now engaged in adopting precautionary measures re Plague. Meanwhile it having been found by experience that the rates of Scavengering Cess sanctioned in Government Proceedings under reply were pressing heavily upon Rate-Paye the Board considered it desirable to revise the rates. I beg to subm

for Approval of Government the following Scale of revised Rates which has been adopted since the beginning of the Current month and to enclose Copy of Resolution an additional Proposition dated 16th December 1894:—
